

NAME: _____

COLLEGE PLANNING

1. Go to your results for the Interest Inventory you took earlier this year. **Career Planning** => **Learn About Yourself** => **Interest Profiler** => click on your **Previously Completed Results** => **View Careers**.
2. Choose your top career of interest. Click on **What To Learn** and then on one of the programs of study related to that career. Then **Save To Portfolio**.

What program are you researching?

3. Finally, click on **Schools Offering this Program**. Choose the degree type and the location and hit **Go**.
4. Answer the questions below for at least 2 different schools. Be sure to click on **Save to My Portfolio** if either school is still interesting after you have learned more about it.

Name of School Choice #1:

In what town and state is this school located?

Is this school public or private?

What is the campus enrollment?

What is the average ACT score?

What is the average high school GPA?

What is the undergraduate tuition for one year?

What is the average cost of room and board for one year?

Name of School Choice #2:

In what town and state is this school located?

Is this school public or private?

What is the campus enrollment?

What is the average ACT score?

What is the average high school GPA?

What is the undergraduate tuition for one year?

What is the average cost of room and board for one year?
